SUBJECT INDEX—VOLUME 79

E = Editorial; CPC = Clinicopathologic Conference; MSS = Medicine, Science, and Society; CCBSS = Combined Clinical and Basic Science Seminar

Abscess
Liver abscess complicating Crohn's disease presenting as thoracic empyema. Case report and review of the literature, 659
Acid-base status
Spurious assessment of acid-base status due to dilutional effect of heparin, 528
Acidosis
Clinical significance of the elevated anion gap, 289
D-Lactate encephalopathy, 717
Lactic acidosis with small cell carcinoma. Rapid response to chemotherapy, 501
Long-term low-dose glucocorticoid therapy associated with remission of overt renal tubular acidosis in Sjögren's syndrome, 509
Acromegaly
Growth hormone secretion dynamics in a patient with ectopic growth hormone-releasing factor production, 135
ACTH
Rapid adrenocorticotropic hormone test in practice. Retrospective review, 679
Acute myelocytic leukemia
Pulmonary leukostasis as the single worst prognostic factor in patients with acute myelocytic leukemia and hyperleukocytosis, 43
Adenoma
Hypercalcemia and rib destruction in a 37-year-old man (CPC), 479
Testosterone-secreting adrenal adenoma containing crystalloids characteristic of Leydig cells, 772
Use of the saline infusion test to diagnose the cause of primary aldosteronism, 722
Adrenal disease
Bruising and thin skin in a 54-year-old woman (CPC), 101
Iatrogenic Cushing's syndrome due to dexamethasone nasal drops, 535
Rapid adrenocorticotropic hormone test in practice. Retrospective review, 679
Reversible hyperthyrotropinemia, hyperthyroxinemia, and hyperprolactinemia due to adrenal insufficiency, 271
Testosterone-secreting adrenal adenoma containing crystalloids characteristic of Leydig cells, 772
Use of the saline infusion test to diagnose the cause of primary aldosteronism, 722
Adrenocorticotropic hormone
Rapid adrenocorticotropic hormone test in practice. Retrospective review, 679
Adriamycin
Combination cyclophosphamide, Adriamycin, and vincristine rapidly alternating with combination cisplatin and VP-16 in treatment of small cell lung cancer, 303
Adverse effects
Adverse effects due to morphine sulfate. Challenge to previous clinical doctrine, 325
Analysis of granulocyte-macrophage progenitor cells in patients treated with recombinant interferon alpha-2, 167
Association of renal failure with Lewis incompatibility after allogeneic bone marrow transplantation, 143
Captopril-induced hyponatremia with irreversible neurologic damage, 769
Catheter-induced versus spontaneous spasm. Do these coronary bedfellows deserve to be estranged? (E), 1
Constrictive pericarditis after myocardial infarction. Sequela of anticoagulant-induced hemopericardium, 389
Correlation of a quinidine-induced platelet-specific antibody with development of thrombocytopenia, 253
Corticosteroid therapy associated with ischemic necrosis of bone in systemic lupus erythematosus, 596
Development of malignant melanoma after levodopa therapy for Parkinson's disease. Report of a case and review of the literature, 119
Enema-induced hyperphosphatemia, 645
Gasoline sniffing, 740
Guillain-Barré syndrome following danazol and corticosteroid therapy for hereditary angioedema, 111
Hyperalimentation as cause of markedly worsened metabolic control in a patient with autoantibodies to the insulin receptor, 504
Iatrogenic Cushing's syndrome due to dexamethasone nasal drops, 535
Impact of renal donation. Long-term clinical and biochemical follow-up of living donors in a single center, 201
Infectious complications in heart-lung transplant recipients, 412
Insulin-induced cardiac failure, 147
Listeriosis in patients with long-term hemodialysis and transfusional iron overload, 397
Metabolic alkalosis due to plasmapheresis, 391
Non-group A beta-hemolytic streptococcal cellulitis. Association with venous and lymphatic compromise, 155
Polypharmacy. Causes, consequences, and cure (E), 149
Pseudohyperparathyroidism. Syndrome associated with aluminum intoxication in patients with renal failure, 127
Pulmonary functional impairment and symptoms in women in the Los Angeles harbor area, 23
Tension ball valve mucus plug in asthma, 131
Aedes aegypti
Dengue and hepatic failure, 670
Aging
Age and the treatment of multiple myeloma. Southeastern Cancer Study Group experience, 316
The aging thyroid. Relationship between elevated serum thyrotropin level and thyroid antibodies in elderly patients, 591
Air pollution
Pulmonary functional impairment and symptoms in women in the Los Angeles harbor area, 23
Alcohol
Alcohol versus exercise for coronary protection, 231
Aldosteronism
Use of the saline infusion test to diagnose the cause of primary aldosteronism, 722
Alkalosis
Metabolic alkalosis due to plasmapheresis, 391
Alpha$_1$-antitrypsin
Severe deficiency of alpha$_1$-antitrypsin associated with cutaneous vasculitis, rapidly progressive glomerulonephritis, and colitis, 489
Aluminum
Pseudohyperparathyroidism. Syndrome associated with aluminum intoxication in patients with renal failure, 127
Amyloid
Esophageal manometry in familial amyloid polyneuropathy, 85
Amyloidosis
Fibrinolysis and acquired alpha-2 plasmin inhibitor deficiency in amyloidosis, 394
Primary systemic amyloidosis. Comparison of melphalan/prednisone versus colchicine, 708
Anemia
Predictive factors for response to anti-thymocyte globulin in acquired aplastic anemia, 73
Angiitis
Isolated angiitis of the brain. Case in a renal transplant recipient, 629
Angina
Catheter-induced versus spontaneous spasm. Do these coronary bedfellows deserve to be estranged? (E), 1
Physician choices in the treatment of angina pectoris, 461
Angioedema
Guillain-Barré syndrome following danazol and corticosteroid therapy for hereditary angioedema, 111
Angiotensin I converting enzyme
Angiotensin I converting enzyme activity in hypertension. Relationship to blood pressure, renin-sodium profiles, and antihypertensive therapy, 435
Anion gap
Clinical significance of the elevated anion gap, 289
Annuloplasty
Successful treatment of post-mitral valve annuloplasty Aspergillus flavus endocarditis, 777
Antibodies
Association of renal failure with Lewis incompatibility after allogeneic bone marrow transplantation, 143
Correlation of a quinidine-induced platelet-specific antibody with development of thrombocytopenia, 253

(*Continued on next page*)

Antibodies (cont'd.)
Hyperalimentation as cause of markedly worsened metabolic control in a patient with autoantibodies to the insulin receptor, 504
The aging thyroid. Relationship between elevated serum thyrotropin level and thyroid antibodies in elderly patients, 591
Anticoagulant therapy
Constrictive pericarditis after myocardial infarction. Sequela of anticoagulant-induced hemopericardium, 389
Spurious assessment of acid-base status due to dilutional effect of heparin, 528
Trousseau's syndrome. Devastating coagulopathy in the absence of heparin, 423
Antigens
Phenotypic analysis by flow cytometry of surface immunoglobulin light chains and B and T cell antigens in lymph nodes involved with non-Hodgkin's lymphoma, 445
Anti-Lewis antibodies
Association of renal failure with Lewis incompatibility after allogeneic bone marrow transplantation, 143
Antiplatelet antibodies
Correlation of a quinidine-induced platelet-specific antibody with development of thrombocytopenia, 253
Anti-thymocyte globulin
Cutaneous T cell lymphoma. Lymphocyte phenotype analysis after anti-thymocyte globulin therapy, 653
Predictive factors for response to anti-thymocyte globulin in acquired aplastic anemia, 73
Aortic bypass
Mycotic pseudoaneurysm of an aortic bypass graft and contiguous vertebral osteomyelitis due to Aspergillus fumigatus, 259
Apnea
Nocturnal oxyhemoglobin desaturation following tracheostomy for obstructive sleep apnea, 35
Apoplexy
Pituitary apoplexy, the Houssay phenomenon, and accelerated proliferative retinopathy, 385
Art
What is the art of medicine? (E), 279
Arteritis
Fever of unknown origin in a 71-year-old woman (CPC), 373
Giant cell arteritis associated with mononeuritis multiplex and complement-activating 19S IgM rheumatoid factor, 495
Polymyalgia rheumatica. Duration of therapy and long-term outcome, 309
Arthritis
Low-dose methotrexate treatment of rheumatoid arthritis. Long-term observations, 331
Palmar fasciitis and arthritis with ovarian and non-ovarian carcinomas. New syndrome, 640
Renal failure, stroke, and death in an elderly woman with rheumatoid arthritis (CPC), 751
Asbestos
Pulmonary functional impairment and symptoms in women in the Los Angeles harbor area, 23
Aspergillosis
Discriminant scorecard for diagnosis of invasive pulmonary aspergillosis in patients with acute leukemia, 57
Aspergillus flavus
Successful treatment of post-mitral valve annuloplasty Aspergillus flavus endocarditis, 777
Aspergillus fumigatus
Mycotic pseudoaneurysm of an aortic bypass graft and contiguous vertebral osteomyelitis due to Aspergillus fumigatus, 259
Asthma
Tension ball valve mucus plug in asthma, 131
Autoantibodies
Hyperalimentation as cause of markedly worsened metabolic control in a patient with autoantibodies to the insulin receptor, 504
Autoinoculation
Autoinoculation herpes of the hand in a child with recurrent herpes labialis, 139
Bacterial infection
Cerebrospinal fluid lymphocytosis in acute bacterial meningitis, 216
Clostridium septicum septicemia with identical metastatic myonecroses in a granulocytopenic patient. Infectious disease emergency, 256
Evidence for an informal clinical policy resulting in high use of a very-low-yield test, 577
Extrapulmonary tuberculosis. Experience of a community hospital and review of the literature, 467
Listeriosis in patients with long-term hemodialysis and transfusional iron overload, 397
Mycobacterial meningitis. Retrospective analysis from 1970 to 1983, 29
Non-group A beta-hemolytic streptococcal cellulitis. Association with venous and lymphatic compromise, 155
Superficial and systemic illness related to a hot tub, 10
The "typhoid state" revisited, 370
Behçet's syndrome
Mouth and genital ulcers with inflamed cartilage: MAGIC syndrome. Five patients with features of relapsing polychondritis and Behçet's disease, 65
Bleeding
Acquired cystic disease of the end-stage kidney, 609
Fibrinolysis and acquired alpha-2 plasmin inhibitor deficiency in amyloidosis, 394
Novel factor X deficiency. Normal partial thromboplastin time and associated spindle cell thymoma, 122
Platelet dysfunction in uremia. Multifaceted defect partially corrected by dialysis, 552
Blood pressure
Angiotensin I converting enzyme activity in hypertension. Relationship to blood pressure, renin-sodium profiles, and antihypertensive therapy, 435
Hypertension after successful renal transplantation, 193
Severe pulmonary hypertension in a patient with Whipple's disease, 263
Bone disease
Corticosteroid therapy associated with ischemic necrosis of bone in systemic lupus erythematosus, 596
Long-term follow-up of therapy with intermittent etidronate disodium in Paget's disease of bone, 583
Mycotic pseudoaneurysm of an aortic bypass graft and contiguous vertebral osteomyelitis due to Aspergillus fumigatus, 259
Breast carcinoma
Inflammatory carcinoma of the breast. Clinical review and summary of the Vanderbilt experience with multimodality therapy, 355
Bronchiectasis
Bronchiectasis masquerading as pulmonary embolus, 667
Brown tumor
Hypercalcemia and rib destruction in a 37-year-old man (CPC), 479
Calcium
Correction of hypocitraturia and prevention of stone formation by combined thiazide and potassium citrate therapy in thiazide-unresponsive hypercalciuric nephrolithiasis, 284
Enema-induced hyperphosphatemia, 645
Hypercalcemia and rib destruction in a 37-year-old man (CPC), 479
Captopril
Captopril-induced hyponatremia with irreversible neurologic damage, 769
Carcinoid heart disease
The carcinoid syndrome: comparison of 21 necropsy subjects with carcinoid heart disease to 15 necropsy subjects without carcinoid heart disease, 339
Carcinoid syndrome
The carcinoid syndrome: comparison of 21 necropsy subjects with carcinoid heart disease to 15 necropsy subjects without carcinoid heart disease, 339
Carcinoma
Acquired cystic disease of the end-stage kidney, 609
Age and the treatment of multiple myeloma. Southeastern Cancer Study Group experience, 316
Association between urinary zinc excretion and lymphocyte dysfunction in patients with lung cancer, 209
Cerebellar dysfunction and nephrotic syndrome in a 50-year-old man (CPC), 621
Combination cyclophosphamide, Adriamycin, and vincristine rapidly alternating with combination cisplatin and VP-16 in treatment of small cell lung cancer, 303
Cutaneous T cell lymphoma. Lymphocyte phenotype analysis after anti-thymocyte globulin therapy, 653
Development of malignant melanoma after levodopa therapy for Parkinson's disease. Report of a case and review of the literature, 119
Inflammatory carcinoma of the breast. Clinical review and summary of the Vanderbilt experience with multimodality therapy, 355

Lactic acidosis with small cell carcinoma. Rapid response to chemotherapy, 501
Long-term survivors of small cell carcinoma of the lung, 49
Nasopharyngeal carcinoma. Brief review, 365
Novel factor X deficiency. Normal partial thromboplastin time and associated spindle cell thymoma, 122
Palmar fasciitis and arthritis with ovarian and non-ovarian carcinomas. New syndrome, 640
Phenotypic analysis by flow cytometry of surface immunoglobulin light chains and B and T cell antigens in lymph nodes involved with non-Hodgkin's lymphoma, 445
Trousseau's syndrome. Devastating coagulopathy in the absence of heparin, 423

Cardiac disease
Alcohol versus exercise for coronary protection, 231
Catheter-induced versus spontaneous spasm. Do these coronary bedfellows deserve to be estranged? (E), 1
Constrictive pericarditis after myocardial infarction. Sequela of anticoagulant-induced hemopericardium, 389
Giant cell myocarditis, 647
Influence of electrocardiographic findings on admission decisions in patients with acute chest pain, 699
Insulin-induced cardiac failure, 147
Isolated right atrial tamponade by serous fluid simulating tricuspid stenosis, 531
Levels of serum sex hormones and risk factors for coronary heart disease in exercise-trained men, 79
Long-term experience in percutaneous transluminal dilatation of renal artery stenosis, 692
Normal results of post-race thallium-201 myocardial perfusion imaging in marathon runners with elevated serum MB creatine kinase levels, 431
Physician choices in the treatment of angina pectoris, 461
Shock and death in a 43-year-old woman (CPC), 245
Successful treatment of post-mitral valve annuloplasty Aspergillus flavus endocarditis, 777
The carcinoid syndrome: comparison of 21 necropsy subjects with carcinoid heart disease to 15 necropsy subjects without carcinoid heart disease, 339
The electrocardiogram in systemic sclerosis (scleroderma). Study of 102 consecutive cases with functional correlations and review of the literature, 183

Cardiac surgery
Cardiac surgery for adults with mental retardation. Dilemmas in management (MSS), 403

Cardiogenic shock
Shock and death in a 43-year-old woman (CPC), 245

Cardiovascular disease
Angiotensin I converting enzyme activity in hypertension. Relationship to blood pressure, renin-sodium profiles, and antihypertensive therapy, 435
Hypertension after successful renal transplantation, 193
Severe pulmonary hypertension in a patient with Whipple's disease, 263

Case presentation
The case presentation. Stumbling blocks and stepping stones, 605

Catheterization
Catheter-induced versus spontaneous spasm. Do these coronary bedfellows deserve to be estranged? (E), 1

Cautopyreiophagia
Cautopyreiophagia. Cause of life-threatening hyperkalemia in a patient undergoing hemodialysis, 517

Cellulitis
Non-group A beta-hemolytic streptococcal cellulitis. Association with venous and lymphatic compromise, 155

Cerebrospinal fluid culture
Evidence for an informal clinical policy resulting in high use of a very-low-yield test, 577

Chemotherapy
Age and the treatment of multiple myeloma. Southeastern Cancer Study Group experience, 316
Combination cyclophosphamide, Adriamycin, and vincristine rapidly alternating with combination cisplatin and VP-16 in treatment of small cell lung cancer, 303
Lactic acidosis with small cell carcinoma. Rapid response to chemotherapy, 501

Chronic obstructive pulmonary disease
Nocturnal oxyhemoglobin desaturation following tracheostomy for obstructive sleep apnea, 35

Cigarette smoking
Pulmonary functional impairment and symptoms in women in the Los Angeles harbor area, 23

Cisplatin
Combination cyclophosphamide, Adriamycin, and vincristine rapidly alternating with combination cisplatin and VP-16 in treatment of small cell lung cancer, 303

Citrate
Correction of hypocitraturia and prevention of stone formation by combined thiazide and potassium citrate therapy in thiazide-unresponsive hypercalciuric nephrolithiasis, 284

Clinicopathologic Conferences
Bruising and thin skin in a 54-year-old woman, 101
Cerebellar dysfunction and nephrotic syndrome in a 50-year-old man, 621
Fever of unknown origin in a 71-year-old woman, 373
Hypercalcemia and rib destruction in a 37-year-old man, 479
Renal failure, stroke, and death in an elderly woman with rheumatoid arthritis, 751
Shock and death in a 43-year-old woman, 245

Clostridium septicum
Clostridium septicum septicemia with identical metastatic myonecroses in a granulocytopenic patient. Infectious disease emergency, 256

Coagulopathy
Trousseau's syndrome. Devastating coagulopathy in the absence of heparin, 423

Colchicine
Primary systemic amyloidosis. Comparison of melphalan/prednisone versus colchicine, 708

Colitis
Severe deficiency of alpha$_1$-antitrypsin associated with cutaneous vasculitis, rapidly progressive glomerulonephritis, and colitis, 489

Coma
Frequency of diabetic ketoacidosis and hypoglycemic coma during treatment with continuous subcutaneous insulin infusion. Audit of medical care, 685

Combination chemotherapy
Age and the treatment of multiple myeloma. Southeastern Cancer Study Group experience, 316
Combination cyclophosphamide, Adriamycin, and vincristine rapidly alternating with combination cisplatin and VP-16 in treatment of small cell lung cancer, 303

Combined Clinical and Basic Science Seminars
Thyrotropin-releasing hormone and the pituitary. New insights into the mechanism of stimulated secretion and clinical usage, 729

Communication
Benefit of the doubt (E), 401
Polypharmacy. Causes, consequences, and cure (E), 149
The case presentation. Stumbling blocks and stepping stones, 605

Complement
Giant cell arteritis associated with mononeuritis multiplex and complement-activating 19S IgM rheumatoid factor, 495
Guillain-Barré syndrome following danazol and corticosteroid therapy for hereditary angioedema, 111

Congestive heart failure
Insulin-induced cardiac failure, 147

Coronary artery disease
Alcohol versus exercise for coronary protection, 231
Levels of serum sex hormones and risk factors for coronary heart disease in exercise-trained men, 79

Coronary artery spasm
Catheter-induced versus spontaneous spasm. Do these coronary bedfellows deserve to be estranged? (E), 1

Corticosteroids
Corticosteroid therapy associated with ischemic necrosis of bone in systemic lupus erythematosus, 596
Guillain-Barré syndrome following danazol and corticosteroid therapy for hereditary angioedema, 111
Iatrogenic Cushing's syndrome due to dexamethasone nasal drops, 535
Long-term low-dose glucocorticoid therapy associated with remission of overt renal tubular acidosis in Sjögren's syndrome, 509
Polymyalgia rheumatica. Duration of therapy and long-term outcome, 309
Primary systemic amyloidosis. Comparison of melphalan/prednisone versus colchicine, 708

Cortisol
Rapid adrenocorticotropic hormone test in practice. Retrospective review, 679

Cost containment
Cardiac surgery for adults with mental retardation. Dilemmas in management (MSS), 403
Cost containment in an equilibrium state (MSS), 280
Creatine kinase
Normal results of post-race thallium-201 myocardial perfusion imaging in marathon runners with elevated serum MB creatine kinase levels, 431
Crohn's disease
Liver abscess complicating Crohn's disease presenting as thoracic empyema. Case report and review of the literature, 659
Crystalloids of Reinke
Testosterone-secreting adrenal adenoma containing crystalloids characteristic of Leydig cells, 772
Cushing's syndrome
Bruising and thin skin in a 54-year-old woman (CPC), 101
Iatrogenic Cushing's syndrome due to dexamethasone nasal drops, 535
Cyclophosphamide
Combination cyclophosphamide, Adriamycin, and vincristine rapidly alternating with combination cisplatin and VP-16 in treatment of small cell lung cancer, 303
Cysts
Acquired cystic disease of the end-stage kidney, 609
Functional mediastinal parathyroid cyst. Dynamics of parathyroid hormone secretion during cyst aspirations and surgery, 633
Cytometry
Phenotypic analysis by flow cytometry of surface immunoglobulin light chains and B and T cell antigens in lymph nodes involved with non-Hodgkin's lymphoma, 445
Danazol
Guillain-Barré syndrome following danazol and corticosteroid therapy for hereditary angioedema, 111
Decision-making
Influence of electrocardiographic findings on admission decisions in patients with acute chest pain, 699
Dementia
Isolated angiitis of the brain. Case in a renal transplant recipient, 629
Dengue
Dengue and hepatic failure, 670
Depression
Diagnosis of depression in patients with end-stage renal disease. Comparative analysis, 160
Dermatologic disorders
Development of malignant melanoma after levodopa therapy for Parkinson's disease. Report of a case and review of the literature, 119
Stevens-Johnson syndrome due to Mycoplasma pneumoniae in an adult, 541
Superficial and systemic illness related to a hot tub, 10
Dexamethasone
Iatrogenic Cushing's syndrome due to dexamethasone nasal drops, 535
Diabetes mellitus
Dynamic changes in serum phosphorus levels in diabetic ketoacidosis, 571
Frequency of diabetic ketoacidosis and hypoglycemic coma during treatment with continuous subcutaneous insulin infusion. Audit of medical care, 685
Pituitary apoplexy, the Houssay phenomenon, and accelerated proliferative retinopathy, 385
Diagnosis
Bronchiectasis masquerading as pulmonary embolus, 667
Diagnosis of depression in patients with end-stage renal disease. Comparative analysis, 160
Discriminant scorecard for diagnosis of invasive pulmonary aspergillosis in patients with acute leukemia, 57
Evaluation of prognostic classifications for patients with syncope, 455
Laboratory tests and diagnostic procedures in evaluation of liver disease, 221
Phenotypic analysis by flow cytometry of surface immunoglobulin light chains and B and T cell antigens in lymph nodes involved with non-Hodgkin's lymphoma, 445
Pulmonary strongyloidiasis. Diagnosis by sputum Gram stain, 663
Teaching differential diagnosis to beginning clinical students, 745
Thyrotropin-releasing hormone and the pituitary. New insights into the mechanism of stimulated secretion and clinical usage (CCBSS), 729
Use of the saline infusion test to diagnose the cause of primary aldosteronism, 722
Uveitis: many diseases, one diagnosis (E), 545
Dilatation
Long-term experience in percutaneous transluminal dilatation of renal artery stenosis, 692
Diuretics
Correction of hypocitraturia and prevention of stone formation by combined thiazide and potassium citrate therapy in thiazide-unresponsive hypercalciuric nephrolithiasis, 284
Echocardiography
Echocardiographic demonstration of pulmonary embolism as it evolves through the right heart chambers, 538
Editorials
A physician/medical industrial ethos, 675
Benefit of the doubt, 401
Catheter-induced versus spontaneous spasm. Do these coronary bedfellows deserve to be estranged? 1
Polypharmacy. Causes, consequences, and cure, 149
Uveitis: many diseases, one diagnosis, 545
What is the art of medicine? 279
Education
A physician/medical industrial ethos (E), 675
Benefit of the doubt (E), 401
Cardiac surgery for adults with mental retardation. Dilemmas in management (MSS), 403
Cost containment in an equilibrium state (MSS), 280
"It's better to be smart than dumb" or the clinical importance of ignorance (MSS), 548
Job's friends (MSS), 676
Medicare made easy (MSS), 153
Physician choices in the treatment of angina pectoris, 461
Polypharmacy. Causes, consequences, and cure (E), 149
Teaching differential diagnosis to beginning clinical students, 745
The case presentation. Stumbling blocks and stepping stones, 605
What is the art of medicine? (E), 279
William Osler: then and now (MSS), 5
Electrocardiography
Influence of electrocardiographic findings on admission decisions in patients with acute chest pain, 699
The electrocardiogram in systemic sclerosis (scleroderma). Study of 102 consecutive cases with functional correlations and review of the literature, 183
Embolism
Bronchiectasis masquerading as pulmonary embolus, 667
Echocardiographic demonstration of pulmonary embolism as it evolves through the right heart chambers, 538
Empyema
Liver abscess complicating Crohn's disease presenting as thoracic empyema. Case report and review of the literature, 659
Encephalopathy
D-Lactate encephalopathy, 717
Gasoline sniffing, 740
Endocarditis
Successful treatment of post-mitral valve annuloplasty Aspergillus flavus endocarditis, 777
Enema
Enema-induced hyperphosphatemia, 645
Erythema multiforme major
Stevens-Johnson syndrome due to Mycoplasma pneumoniae in an adult, 541
Estradiol
Levels of serum sex hormones and risk factors for coronary heart disease in exercise-trained men, 79
Ethics
A physician/medical industrial ethos (E), 675
Cardiac surgery for adults with mental retardation. Dilemmas in management (MSS), 403
Etidronate disodium
Long-term follow-up of therapy with intermittent etidronate disodium in Paget's disease of bone, 583
Exercise
Alcohol versus exercise for coronary protection, 231
Levels of serum sex hormones and risk factors for coronary heart disease in exercise-trained men, 79
Normal results of post-race thallium-201 myocardial perfusion imaging in marathon runners with elevated serum MB creatine kinase levels, 431

Factitious disease
Exogenous protein as the cause of nephrotic-range proteinuria, 115
Factor X
Novel factor X deficiency. Normal partial thromboplastin time and associated spindle cell thymoma, 122
Fasciitis
Palmar fasciitis and arthritis with ovarian and non-ovarian carcinomas. New syndrome, 640
Fibrinolysis
Fibrinolysis and acquired alpha-2 plasmin inhibitor deficiency in amyloidosis, 394
Fibrosis
Chronic interstitial pulmonary fibrosis following Mycoplasma pneumoniae pneumonia, 268
Plasma cell dyscrasia with marrow fibrosis. Clinicopathologic syndrome, 297
Folliculitis
Superficial and systemic illness related to a hot tub, 10
Fungal infection
Discriminant scorecard for diagnosis of invasive pulmonary aspergillosis in patients with acute leukemia, 57
Mycotic pseudoaneurysm of an aortic bypass graft and contiguous vertebral osteomyelitis due to Aspergillus fumigatus, 259
Successful treatment of post-mitral valve annuloplasty Aspergillus flavus endocarditis, 777
Gallium-67
Appraisal of lupus nephritis by renal imaging with gallium-67, 175
Gammaglobulin
Autoimmune thrombocytopenia in sarcoidosis, 761
Benefit of intravenous IgG replacement in hypogammaglobulinemic patients with chronic sinopulmonary disease, 171
Gammopathy
Evaluation of hyperviscosity in monoclonal gammopathies, 13
Gas gangrene
Clostridium septicum septicemia with identical metastatic myonecroses in a granulocytopenic patient. Infectious disease emergency, 256
Gasoline
Gasoline sniffing, 740
Gastrointestinal disease
D-Lactate encephalopathy, 717
Esophageal manometry in familial amyloid polyneuropathy, 85
Growth hormone secretion dynamics in a patient with ectopic growth hormone-releasing factor production, 135
Liver abscess complicating Crohn's disease presenting as thoracic empyema. Case report and review of the literature, 659
Severe deficiency of alpha$_1$-antitrypsin associated with cutaneous vasculitis, rapidly progressive glomerulonephritis, and colitis, 489
Severe pulmonary hypertension in a patient with Whipple's disease, 263
Genetic abnormality
Esophageal manometry in familial amyloid polyneuropathy, 85
Guillain-Barré syndrome following danazol and corticosteroid therapy for hereditary angioedema, 111
Novel factor X deficiency. Normal partial thromboplastin time and associated spindle cell thymoma, 122
Glomerulonephritis
Severe deficiency of alpha$_1$-antitrypsin associated with cutaneous vasculitis, rapidly progressive glomerulonephritis, and colitis, 489
Glucocorticoids
Iatrogenic Cushing's syndrome due to dexamethasone nasal drops, 535
Long-term low-dose glucocorticoid therapy associated with remission of overt renal tubular acidosis in Sjögren's syndrome, 509
Primary systemic amyloidosis. Comparison of melphalan/prednisone versus colchicine, 708
Gram stain
Pulmonary strongyloidiasis. Diagnosis by sputum Gram stain, 663
Granulocyte-macrophage stem cells
Analysis of granulocyte-macrophage progenitor cells in patients treated with recombinant interferon alpha-2, 167
Granulocytopenia
Clostridium septicum septicemia with identical metastatic myonecroses in a granulocytopenic patient. Infectious disease emergency, 256
Growth hormone
Growth hormone secretion dynamics in a patient with ectopic growth hormone-releasing factor production, 135
Guillain-Barré syndrome
Guillain-Barré syndrome following danazol and corticosteroid therapy for hereditary angioedema, 111
Health care
Cardiac surgery for adults with mental retardation. Dilemmas in management (MSS), 403
Cost containment in an equilibrium state (MSS), 280
Hematologic disease
Accelerated recovery from immune-mediated thrombocytopenia with plasmapheresis, 765
Analysis of granulocyte-macrophage progenitor cells in patients treated with recombinant interferon alpha-2, 167
Autoimmune thrombocytopenia in sarcoidosis, 761
Clostridium septicum septicemia with identical metastatic myonecroses in a granulocytopenic patient. Infectious disease emergency, 256
Correlation of a quinidine-induced platelet-specific antibody with development of thrombocytopenia, 253
Discriminant scorecard for diagnosis of invasive pulmonary aspergillosis in patients with acute leukemia, 57
Fibrinolysis and acquired alpha-2 plasmin inhibitor deficiency in amyloidosis, 394
Novel factor X deficiency. Normal partial thromboplastin time and associated spindle cell thymoma, 122
Plasma cell dyscrasia with marrow fibrosis. Clinicopathologic syndrome, 297
Predictive factors for response to anti-thymocyte globulin in acquired aplastic anemia, 73
Pulmonary leukostasis as the single worst prognostic factor in patients with acute myelocytic leukemia and hyperleukocytosis, 43
Recurrent thrombotic microangiopathy in a renal allograft. Case report and review of the literature, 520
Releasable vascular plasminogen activator and thrombotic strokes, 407
Trousseau's syndrome. Devastating coagulopathy in the absence of heparin, 423
Hematuria
Exogenous protein as the cause of nephrotic-range proteinuria, 115
Hemodialysis
Acquired cystic disease of the end-stage kidney, 609
Cautopyreiophagia. Cause of life-threatening hyperkalemia in a patient undergoing hemodialysis, 517
Listeriosis in patients with long-term hemodialysis and transfusional iron overload, 397
Platelet dysfunction in uremia. Multifaceted defect partially corrected by dialysis, 552
Hemopericardium
Constrictive pericarditis after myocardial infarction. Sequela of anticoagulant-induced hemopericardium, 389
Heparin
Spurious assessment of acid-base status due to dilutional effect of heparin, 528
Trousseau's syndrome. Devastating coagulopathy in the absence of heparin, 423
Hepatic disease
Dengue and hepatic failure, 670
Hepatitis in an adult with rubella, 515
Laboratory tests and diagnostic procedures in evaluation of liver disease, 221
Liver abscess complicating Crohn's disease presenting as thoracic empyema. Case report and review of the literature, 659
Hepatitis
Hepatitis in an adult with rubella, 515
Hereditary disorders
Esophageal manometry in familial amyloid polyneuropathy, 85
Guillain-Barré syndrome following danazol and corticosteroid therapy for hereditary angioedema, 111
Novel factor X deficiency. Normal partial thromboplastin time and associated spindle cell thymoma, 122
Herpes viruses
Autoinoculation herpes of the hand in a child with recurrent herpes labialis, 139
Hiroshima
Job's friends (MSS), 676
Hodgkin's disease
Cerebellar dysfunction and nephrotic syndrome in a 50-year-old man (CPC), 621
Hot tub
Superficial and systemic illness related to a hot tub, 10

Houssay phenomenon
Pituitary apoplexy, the Houssay phenomenon, and accelerated proliferative retinopathy, 385
Hyperaldosteronism
Use of the saline infusion test to diagnose the cause of primary aldosteronism, 722
Hyperalimentation
Hyperalimentation as cause of markedly worsened metabolic control in a patient with autoantibodies to the insulin receptor, 504
Hypercalcemia
Hypercalcemia and rib destruction in a 37-year-old man (CPC), 479
Hypercalciuria
Correction of hypocitraturia and prevention of stone formation by combined thiazide and potassium citrate therapy in thiazide-unresponsive hypercalciuric nephrolithiasis, 284
Hyperkalemia
Cautopyrelophagia. Cause of life-threatening hyperkalemia in a patient undergoing hemodialysis, 517
Hyperleukocytosis
Pulmonary leukostasis as the single worst prognostic factor in patients with acute myelocytic leukemia and hyperleukocytosis, 43
Hyperphosphatemia
Dynamic changes in serum phosphorus levels in diabetic ketoacidosis, 571
Enema-induced hyperphosphatemia, 645
Hyperplasia of adenohypophysis
Bruising and thin skin in a 54-year-old woman (CPC), 101
Hyperprolactinemia
Reversible hyperthyrotropinemia, hyperthyroxinemia, and hyperprolactinemia due to adrenal insufficiency, 271
Hypertension
Angiotensin I converting enzyme activity in hypertension. Relationship to blood pressure, renin-sodium profiles, and antihypertensive therapy, 435
Hypertension after successful renal transplantation, 193
Severe pulmonary hypertension in a patient with Whipple's disease, 263
Hyperthyroidism
Thyrotropin-releasing hormone and the pituitary. New insights into the mechanism of stimulated secretion and clinical usage (CCBSS), 729
Hyperthyrotropinemia
Reversible hyperthyrotropinemia, hyperthyroxinemia, and hyperprolactinemia due to adrenal insufficiency, 271
Hyperthyroxinemia
Reversible hyperthyrotropinemia, hyperthyroxinemia, and hyperprolactinemia due to adrenal insufficiency, 271
Hyperviscosity
Evaluation of hyperviscosity in monoclonal gammopathies, 13
Hypocalcemia
Enema-induced hyperphosphatemia, 645
Hypocitraturia
Correction of hypocitraturia and prevention of stone formation by combined thiazide and potassium citrate therapy in thiazide-unresponsive hypercalciuric nephrolithiasis, 284
Hypogammaglobulinemia
Benefit of intravenous IgG replacement in hypogammaglobulinemic patients with chronic sinopulmonary disease, 171
Hypoglycemia
Frequency of diabetic ketoacidosis and hypoglycemic coma during treatment with continuous subcutaneous insulin infusion. Audit of medical care, 685
Pituitary apoplexy, the Houssay phenomenon, and accelerated proliferative retinopathy, 385
Hyponatremia
Captopril-induced hyponatremia with irreversible neurologic damage, 769
Hypothenar hammer syndrome
Hypothenar hammer syndrome. Form of reversible Raynaud's phenomenon, 561
Hypothyroidism
Natural history of primary myxedema, 91
Thyroxine supplementation. Method for the prevention of clinical hypothyroidism, 241
Hypoxemia
Tension ball valve mucus plug in asthma, 131
IgG
Autoimmune thrombocytopenia in sarcoidosis, 761
Benefit of intravenous IgG replacement in hypogammaglobulinemic patients with chronic sinopulmonary disease, 171
IgM
Giant cell arteritis associated with mononeuritis multiplex and complement-activating 19S IgM rheumatoid factor, 495
Immunodeficiency
Benefit of intravenous IgG replacement in hypogammaglobulinemic patients with chronic sinopulmonary disease, 171
Immunoglobulins
Autoimmune thrombocytopenia in sarcoidosis, 761
Benefit of intravenous IgG replacement in hypogammaglobulinemic patients with chronic sinopulmonary disease, 171
Evaluation of hyperviscosity in monoclonal gammopathies, 13
Giant cell arteritis associated with mononeuritis multiplex and complement-activating 19S IgM rheumatoid factor, 495
Phenotypic analysis by flow cytometry of surface immunoglobulin light chains and B and T cell antigens in lymph nodes involved with non-Hodgkin's lymphoma, 445
Infection
Autoinoculation herpes of the hand in a child with recurrent herpes labialis, 139
Benefit of intravenous IgG replacement in hypogammaglobulinemic patients with chronic sinopulmonary disease, 171
Cerebrospinal fluid lymphocytosis in acute bacterial meningitis, 216
Chronic interstitial pulmonary fibrosis following Mycoplasma pneumoniae pneumonia, 268
Clostridium septicum septicemia with identical metastatic myonecroses in a granulocytopenic patient. Infectious disease emergency, 256
Dengue and hepatic failure, 670
Discriminant scorecard for diagnosis of invasive pulmonary aspergillosis in patients with acute leukemia, 57
Evidence for an informal clinical policy resulting in high use of a very-low-yield test, 577
Extrapulmonary tuberculosis. Experience of a community hospital and review of the literature, 467
Hepatitis in an adult with rubella, 515
Infectious complications in heart-lung transplant recipients, 412
Listeriosis in patients with long-term hemodialysis and transfusional iron overload, 397
Mycobacterial meningitis. Retrospective analysis from 1970 to 1983, 29
Mycotic pseudoaneurysm of an aortic bypass graft and contiguous vertebral osteomyelitis due to Aspergillus fumigatus, 259
Non-group A beta-hemolytic streptococcal cellulitis. Association with venous and lymphatic compromise, 155
Pulmonary strongyloidiasis. Diagnosis by sputum Gram stain, 663
Stevens-Johnson syndrome due to Mycoplasma pneumoniae in an adult, 541
Successful treatment of post-mitral valve annuloplasty Aspergillus flavus endocarditis, 777
Superficial and systemic illness related to a hot tub, 10
The "typhoid state" revisited, 370
Insulin
Frequency of diabetic ketoacidosis and hypoglycemic coma during treatment with continuous subcutaneous insulin infusion. Audit of medical care, 685
Hyperalimentation as cause of markedly worsened metabolic control in a patient with autoantibodies to the insulin receptor, 504
Insulin-induced cardiac failure, 147
Interferon
Analysis of granulocyte-macrophage progenitor cells in patients treated with recombinant interferon alpha-2, 167
Iron overload
Listeriosis in patients with long-term hemodialysis and transfusional iron overload, 397
Jejunoileal bypass
D-Lactate encephalopathy, 717
Joint disease
Low-dose methotrexate treatment of rheumatoid arthritis. Long-term observations, 331
Mouth and genital ulcers with inflamed cartilage: MAGIC syndrome. Five patients with features of relapsing polychondritis and Behçet's disease, 65
Palmar fasciitis and arthritis with ovarian and non-ovarian carcinomas. New syndrome, 640
Renal failure, stroke, and death in an elderly woman with rheumatoid arthritis (CPC), 751
Ketoacidosis
Dynamic changes in serum phosphorus levels in diabetic ketoacidosis, 571

Frequency of diabetic ketoacidosis and hypoglycemic coma during treatment with continuous subcutaneous insulin infusion. Audit of medical care, 685

Kidney donation
Impact of renal donation. Long-term clinical and biochemical follow-up of living donors in a single center, 201

D-Lactate
D-Lactate encephalopathy, 717

Language
Benefit of the doubt (E), 401

Law
Cardiac surgery for adults with mental retardation. Dilemmas in management (MSS), 403

Lectures
The case presentation. Stumbling blocks and stepping stones, 605

Legal system
Cardiac surgery for adults with mental retardation. Dilemmas in management (MSS), 403

Leukemia
Discriminant scorecard for diagnosis of invasive pulmonary aspergillosis in patients with acute leukemia, 57
Pulmonary leukostasis as the single worst prognostic factor in patients with acute myelocytic leukemia and hyperleukocytosis, 43

Leukocytes
Pulmonary leukostasis as the single worst prognostic factor in patients with acute myelocytic leukemia and hyperleukocytosis, 43

Leukopenia
Analysis of granulocyte-macrophage progenitor cells in patients treated with recombinant interferon alpha-2, 167

Leukostasis
Pulmonary leukostasis as the single worst prognostic factor in patients with acute myelocytic leukemia and hyperleukocytosis, 43

Levodopa
Development of malignant melanoma after levodopa therapy for Parkinson's disease. Report of a case and review of the literature, 119

Leydig cells
Testosterone-secreting adrenal adenoma containing crystalloids characteristic of Leydig cells, 772

Listeria monocytogenes
Listeriosis in patients with long-term hemodialysis and transfusional iron overload, 397

Listeriosis
Listeriosis in patients with long-term hemodialysis and transfusional iron overload, 397

Liver function tests
Laboratory tests and diagnostic procedures in evaluation of liver disease, 221

Lupus erythematosus
Appraisal of lupus nephritis by renal imaging with gallium-67, 175
Corticosteroid therapy associated with ischemic necrosis of bone in systemic lupus erythematosus, 596

Lymphocytes
Association between urinary zinc excretion and lymphocyte dysfunction in patients with lung cancer, 209
Cerebrospinal fluid lymphocytosis in acute bacterial meningitis, 216
Cutaneous T cell lymphoma. Lymphocyte phenotype analysis after anti-thymocyte globulin therapy, 653

Lymphocytosis
Cerebrospinal fluid lymphocytosis in acute bacterial meningitis, 216

Lymphoma
Cutaneous T cell lymphoma. Lymphocyte phenotype analysis after anti-thymocyte globulin therapy, 653
Phenotypic analysis by flow cytometry of surface immunoglobulin light chains and B and T cell antigens in lymph nodes involved with non-Hodgkin's lymphoma, 445

MAGIC syndrome
Mouth and genital ulcers with inflamed cartilage: MAGIC syndrome. Five patients with features of relapsing polychondritis and Behçet's disease, 65

Malignancy
Acquired cystic disease of the end-stage kidney, 609
Age and the treatment of multiple myeloma. Southeastern Cancer Study Group experience, 316
Association between urinary zinc excretion and lymphocyte dysfunction in patients with lung cancer, 209
Cerebellar dysfunction and nephrotic syndrome in a 50-year-old man (CPC), 621
Combination cyclophosphamide, Adriamycin, and vincristine rapidly alternating with combination cisplatin and VP-16 in treatment of small cell lung cancer, 303
Cutaneous T cell lymphoma. Lymphocyte phenotype analysis after anti-thymocyte globulin therapy, 653
Development of malignant melanoma after levodopa therapy for Parkinson's disease. Report of a case and review of the literature, 119
Inflammatory carcinoma of the breast. Clinical review and summary of the Vanderbilt experience with multimodality therapy, 355
Lactic acidosis with small cell carcinoma. Rapid response to chemotherapy, 501
Long-term survivors of small cell carcinoma of the lung, 49
Nasopharyngeal carcinoma. Brief review, 365
Novel factor X deficiency. Normal partial thromboplastin time and associated spindle cell thymoma, 122
Palmar fasciitis and arthritis with ovarian and non-ovarian carcinomas. New syndrome, 640
Phenotypic analysis by flow cytometry of surface immunoglobulin light chains and B and T cell antigens in lymph nodes involved with non-Hodgkin's lymphoma, 445
Trousseau's syndrome. Devastating coagulopathy in the absence of heparin, 423

Manometry
Esophageal manometry in familial amyloid polyneuropathy, 85

Marathon running
Normal results of post-race thallium-201 myocardial perfusion imaging in marathon runners with elevated serum MB creatine kinase levels, 431

MB creatine kinase
Normal results of post-race thallium-201 myocardial perfusion imaging in marathon runners with elevated serum MB creatine kinase levels, 431

Mechanical ventilation
Tension ball valve mucus plug in asthma, 131

Medical education
A physician/medical industrial ethos (E), 675
Benefit of the doubt (E), 401
Cardiac surgery for adults with mental retardation. Dilemmas in management (MSS), 403
Cost containment in an equilibrium state (MSS), 280
"It's better to be smart than dumb" or the clinical importance of ignorance (MSS), 548
Job's friends (MSS), 676
Medicare made easy (MSS), 153
Physician choices in the treatment of angina pectoris, 461
Polypharmacy. Causes, consequences, and cure (E), 149
Teaching differential diagnosis to beginning clinical students, 745
The case presentation. Stumbling blocks and stepping stones, 605
What is the art of medicine? (E), 279
William Osler: then and now (MSS), 5

Medical language
Benefit of the doubt (E), 401

Medical practice
A physician/medical industrial ethos (E), 675
Benefit of the doubt (E), 401
Cardiac surgery for adults with mental retardation. Dilemmas in management (MSS), 403
Cost containment in an equilibrium state (MSS), 280

Medicine, Science, and Society
Cardiac surgery for adults with mental retardation. Dilemmas in management, 403
Cost containment in an equilibrium state, 280

(*Continued on next page*)

Medicine, Science, and Society (cont'd.)
"It's better to be smart than dumb" or the clinical importance of ignorance, 548
Job's friends, 676
Medicare made easy, 153
William Osler: then and now, 5
Melanoma
Development of malignant melanoma after levodopa therapy for Parkinson's disease. Report of a case and review of the literature, 119
Melphalan
Primary systemic amyloidosis. Comparison of melphalan/prednisone versus colchicine, 708
Meningitis
Cerebrospinal fluid lymphocytosis in acute bacterial meningitis, 216
Mycobacterial meningitis. Retrospective analysis from 1970 to 1983, 29
Mental retardation
Cardiac surgery for adults with mental retardation. Dilemmas in management (MSS), 403
Metastasis
Clostridium septicum septicemia with identical metastatic myonecroses in a granulocytopenic patient. Infectious disease emergency, 256
Methotrexate
Low-dose methotrexate treatment of rheumatoid arthritis. Long-term observations, 331
Microangiopathy
Recurrent thrombotic microangiopathy in a renal allograft. Case report and review of the literature, 520
Mononeuritis multiplex
Giant cell arteritis associated with mononeuritis multiplex and complement-activating 19S IgM rheumatoid factor, 495
Morphine sulfate
Adverse effects due to morphine sulfate. Challenge to previous clinical doctrine, 325
Mucus plug
Tension ball valve mucus plug in asthma, 131
Mycobacterium
Evidence for an informal clinical policy resulting in high use of a very-low-yield test, 577
Extrapulmonary tuberculosis. Experience of a community hospital and review of the literature, 467
Mycobacterial meningitis. Retrospective analysis from 1970 to 1983, 29
Mycoplasma pneumoniae
Chronic interstitial pulmonary fibrosis following Mycoplasma pneumoniae pneumonia, 268
Stevens-Johnson syndrome due to Mycoplasma pneumoniae in an adult, 541
Myelofibrosis
Plasma cell dyscrasia with marrow fibrosis. Clinicopathologic syndrome, 297
Myeloma
Age and the treatment of multiple myeloma. Southeastern Cancer Study Group experience, 316
Myocardial infarction
Constrictive pericarditis after myocardial infarction. Sequela of anticoagulant-induced hemopericardium, 389
Myocarditis
Giant cell myocarditis, 647
Shock and death in a 43-year-old woman (CPC), 245
Myonecrosis
Clostridium septicum septicemia with identical metastatic myonecroses in a granulocytopenic patient. Infectious disease emergency, 256
Myxedema
Natural history of primary myxedema, 91
Nagasaki
Job's friends (MSS), 676
Nephritis
Appraisal of lupus nephritis by renal imaging with gallium-67, 175
Nephrolithiasis
Correction of hypocitraturia and prevention of stone formation by combined thiazide and potassium citrate therapy in thiazide-unresponsive hypercalciuric nephrolithiasis, 284
Nephrotic syndrome
Cerebellar dysfunction and nephrotic syndrome in a 50-year-old man (CPC), 621
Neurologic disease
Captopril-induced hyponatremia with irreversible neurologic damage, 769
Cerebellar dysfunction and nephrotic syndrome in a 50-year-old man (CPC), 621
Cerebrospinal fluid lymphocytosis in acute bacterial meningitis, 216
Development of malignant melanoma after levodopa therapy for Parkinson's disease. Report of a case and review of the literature, 119
Esophageal manometry in familial amyloid polyneuropathy, 85
Giant cell arteritis associated with mononeuritis multiplex and complement-activating 19S IgM rheumatoid factor, 495
Guillain-Barré syndrome following danazol and corticosteroid therapy for hereditary angioedema, 111
Isolated angiitis of the brain. Case in a renal transplant recipient, 629
Mycobacterial meningitis. Retrospective analysis from 1970 to 1983, 29
Pituitary apoplexy, the Houssay phenomenon, and accelerated proliferative retinopathy, 385
Non-Hodgkin's lymphoma
Phenotypic analysis by flow cytometry of surface immunoglobulin light chains and B and T cell antigens in lymph nodes involved with non-Hodgkin's lymphoma, 445
Nuclear war
Job's friends (MSS), 676
Occupational hazards
Pulmonary functional impairment and symptoms in women in the Los Angeles harbor area, 23
Ocular disease
Pituitary apoplexy, the Houssay phenomenon, and accelerated proliferative retinopathy, 385
Uveitis: many diseases, one diagnosis (E), 545
Osler
William Osler: then and now (MSS), 5
Osteomyelitis
Mycotic pseudoaneurysm of an aortic bypass graft and contiguous vertebral osteomyelitis due to Aspergillus fumigatus, 259
Oxyhemoglobin
Nocturnal oxyhemoglobin desaturation following tracheostomy for obstructive sleep apnea, 35
Paget's disease
Long-term follow-up of therapy with intermittent etidronate disodium in Paget's disease of bone, 583
Parasitic infection
Pulmonary strongyloidiasis. Diagnosis by sputum Gram stain, 663
Parathyroid disease
Hypercalcemia and rib destruction in a 37-year-old man (CPC), 479
Parathyroid hormone
Functional mediastinal parathyroid cyst. Dynamics of parathyroid hormone secretion during cyst aspirations and surgery, 633
Parkinson's disease
Development of malignant melanoma after levodopa therapy for Parkinson's disease. Report of a case and review of the literature, 119
Percutaneous transluminal dilatation
Long-term experience in percutaneous transluminal dilatation of renal artery stenosis, 692
Pericarditis
Constrictive pericarditis after myocardial infarction. Sequela of anticoagulant-induced hemopericardium, 389
Pharmaceutical industry
A physician/medical industrial ethos (E), 675
Phosphate
Dynamic changes in serum phosphorus levels in diabetic ketoacidosis, 571
Enema-induced hyperphosphatemia, 645
Phosphorus
Dynamic changes in serum phosphorus levels in diabetic ketoacidosis, 571
Pica
Cautopyreiophagia. Cause of life-threatening hyperkalemia in a patient undergoing hemodialysis, 517
Pituitary disease
Bruising and thin skin in a 54-year-old woman (CPC), 101
Growth hormone secretion dynamics in a patient with ectopic growth hormone-releasing factor production, 135
Pituitary apoplexy, the Houssay phenomenon, and accelerated proliferative retinopathy, 385
Plasma cell dyscrasia
Plasma cell dyscrasia with marrow fibrosis. Clinicopathologic syndrome, 297
Plasmapheresis
Accelerated recovery from immune-mediated thrombocytopenia with plasmapheresis, 765
Metabolic alkalosis due to plasmapheresis, 391
Plasmin inhibitor
Fibrinolysis and acquired alpha-2 plasmin inhibitor deficiency in amyloidosis, 394

Plasminogen activator
Releasable vascular plasminogen activator and thrombotic strokes, 407
Platelets
Accelerated recovery from immune-mediated thrombocytopenia with plasmapheresis, 765
Autoimmune thrombocytopenia in sarcoidosis, 761
Correlation of a quinidine-induced platelet-specific antibody with development of thrombocytopenia, 253
Platelet dysfunction in uremia. Multifaceted defect partially corrected by dialysis, 552
Pneumonia
Chronic interstitial pulmonary fibrosis following Mycoplasma pneumoniae pneumonia, 268
Stevens-Johnson syndrome due to Mycoplasma pneumoniae in an adult, 541
Pollution
Pulmonary functional impairment and symptoms in women in the Los Angeles harbor area, 23
Polychondritis
Mouth and genital ulcers with inflamed cartilage: MAGIC syndrome. Five patients with features of relapsing polychondritis and Behçet's disease, 65
Polymyalgia rheumatica
Fever of unknown origin in a 71-year-old woman (CPC), 373
Polymyalgia rheumatica. Duration of therapy and long-term outcome, 309
Polyneuropathy
Esophageal manometry in familial amyloid polyneuropathy, 85
Guillain-Barré syndrome following danazol and corticosteroid therapy for hereditary angioedema, 111
Polypharmacy
Polypharmacy. Causes, consequences, and cure (E), 149
Potassium
Cautopyrelophagia. Cause of life-threatening hyperkalemia in a patient undergoing hemodialysis, 517
Potassium citrate
Correction of hypocitraturia and prevention of stone formation by combined thiazide and potassium citrate therapy in thiazide-unresponsive hypercalciuric nephrolithiasis, 284
Practice of medicine
A physician/medical industrial ethos (E), 675
Benefit of the doubt (E), 401
Cardiac surgery for adults with mental retardation. Dilemmas in management (MSS), 403
Cost containment in an equilibrium state (MSS), 280
"It's better to be smart than dumb" or the clinical importance of ignorance (MSS), 548
Job's friends (MSS), 676
Medicare made easy (MSS), 153
Physician choices in the treatment of angina pectoris, 461
Polypharmacy. Causes, consequences, and cure (E), 149
Teaching differential diagnosis to beginning clinical students, 745
The case presentation. Stumbling blocks and stepping stones, 605
What is the art of medicine? (E), 279
William Osler: then and now (MSS), 5
Prednisone
Corticosteroid therapy associated with ischemic necrosis of bone in systemic lupus erythematosus, 596
Primary systemic amyloidosis. Comparison of melphalan/prednisone versus colchicine, 708
Prognosis
Evaluation of prognostic classifications for patients with syncope, 455
Pulmonary leukostasis as the single worst prognostic factor in patients with acute myelocytic leukemia and hyperleukocytosis, 43
Progressive systemic sclerosis
The electrocardiogram in systemic sclerosis (scleroderma). Study of 102 consecutive cases with functional correlations and review of the literature, 183
Prolactin
Reversible hyperthyrotropinemia, hyperthyroxinemia, and hyperprolactinemia due to adrenal insufficiency, 271
Thyrotropin-releasing hormone and the pituitary. New insights into the mechanism of stimulated secretion and clinical usage (CCBSS), 729
Protein
Exogenous protein as the cause of nephrotic-range proteinuria, 115
Proteinuria
Exogenous protein as the cause of nephrotic-range proteinuria, 115
Pseudoaneurysm
Mycotic pseudoaneurysm of an aortic bypass graft and contiguous vertebral osteomyelitis due to Aspergillus fumigatus, 259
Pseudohyperparathyroidism
Pseudohyperparathyroidism. Syndrome associated with aluminum intoxication in patients with renal failure, 127
Pseudomonas aeruginosa
Superficial and systemic illness related to a hot tub, 10
Psychiatric disorders
Diagnosis of depression in patients with end-stage renal disease. Comparative analysis, 160
Pulmonary disease
Association between urinary zinc excretion and lymphocyte dysfunction in patients with lung cancer, 209
Benefit of intravenous IgG replacement in hypogammaglobulinemic patients with chronic sinopulmonary disease, 171
Bronchiectasis masquerading as pulmonary embolus, 667
Chronic interstitial pulmonary fibrosis following Mycoplasma pneumoniae pneumonia, 268
Combination cyclophosphamide, Adriamycin, and vincristine rapidly alternating with combination cisplatin and VP-16 in treatment of small cell lung cancer, 303
Discriminant scorecard for diagnosis of invasive pulmonary aspergillosis in patients with acute leukemia, 57
Long-term survivors of small cell carcinoma of the lung, 49
Nocturnal oxyhemoglobin desaturation following tracheostomy for obstructive sleep apnea, 35
Pulmonary strongyloidiasis. Diagnosis by sputum Gram stain, 663
Stevens-Johnson syndrome due to Mycoplasma pneumoniae in an adult, 541
Tension ball valve mucus plug in asthma, 131
Pulmonary function
Pulmonary functional impairment and symptoms in women in the Los Angeles harbor area, 23
Quinidine
Correlation of a quinidine-induced platelet-specific antibody with development of thrombocytopenia, 253
Raynaud's phenomenon
Hypothenar hammer syndrome. Form of reversible Raynaud's phenomenon, 561
Renal disease
Acquired cystic disease of the end-stage kidney, 609
Appraisal of lupus nephritis by renal imaging with gallium-67, 175
Association of renal failure with Lewis incompatibility after allogeneic bone marrow transplantation, 143
Cerebellar dysfunction and nephrotic syndrome in a 50-year-old man (CPC), 621
Correction of hypocitraturia and prevention of stone formation by combined thiazide and potassium citrate therapy in thiazide-unresponsive hypercalciuric nephrolithiasis, 284
Diagnosis of depression in patients with end-stage renal disease. Comparative analysis, 160
Exogenous protein as the cause of nephrotic-range proteinuria, 115
Platelet dysfunction in uremia. Multifaceted defect partially corrected by dialysis, 552
Pseudohyperparathyroidism. Syndrome associated with aluminum intoxication in patients with renal failure, 127
Severe deficiency of alpha$_1$-antitrypsin associated with cutaneous vasculitis, rapidly progressive glomerulonephritis, and colitis, 489
Renal donation
Impact of renal donation. Long-term clinical and biochemical follow-up of living donors in a single center, 201
Renin
Angiotensin I converting enzyme activity in hypertension. Relationship to blood pressure, renin-sodium profiles, and antihypertensive therapy, 435
Retinopathy
Pituitary apoplexy, the Houssay phenomenon, and accelerated proliferative retinopathy, 385
Rheumatoid arthritis
Low-dose methotrexate treatment of rheumatoid arthritis. Long-term observations, 331
Renal failure, stroke, and death in an elderly woman with rheumatoid arthritis (CPC), 751

Rheumatoid factor
Giant cell arteritis associated with mononeuritis multiplex and complement-activating 19S IgM rheumatoid factor, 495
Risk factors
Levels of serum sex hormones and risk factors for coronary heart disease in exercise-trained men, 79
Rubella
Hepatitis in an adult with rubella, 515
Running
Normal results of post-race thallium-201 myocardial perfusion imaging in marathon runners with elevated serum MB creatine kinase levels, 431
Saline
Use of the saline infusion test to diagnose the cause of primary aldosteronism, 722
Sarcoidosis
Autoimmune thrombocytopenia in sarcoidosis, 761
Scintigraphy
Normal results of post-race thallium-201 myocardial perfusion imaging in marathon runners with elevated serum MB creatine kinase levels, 431
Sclerosis
The electrocardiogram in systemic sclerosis (scleroderma). Study of 102 consecutive cases with functional correlations and review of the literature, 183
Septicemia
Clostridium septicum septicemia with identical metastatic myonecroses in a granulocytopenic patient. Infectious disease emergency, 256
Sex hormones
Levels of serum sex hormones and risk factors for coronary heart disease in exercise-trained men, 79
Testosterone-secreting adrenal adenoma containing crystalloids characteristic of Leydig cells, 772
Sinusitis
Benefit of intravenous IgG replacement in hypogammaglobulinemic patients with chronic sinopulmonary disease, 171
Sjögren's syndrome
Long-term low-dose glucocorticoid therapy associated with remission of overt renal tubular acidosis in Sjögren's syndrome, 509
SLE
Appraisal of lupus nephritis by renal imaging with gallium-67, 175
Corticosteroid therapy associated with ischemic necrosis of bone in systemic lupus erythematosus, 596
Sleep disorders
Nocturnal oxyhemoglobin desaturation following tracheostomy for obstructive sleep apnea, 35
Small cell carcinoma
Combination cyclophosphamide, Adriamycin, and vincristine rapidly alternating with combination cisplatin and VP-16 in treatment of small cell lung cancer, 303
Lactic acidosis with small cell carcinoma. Rapid response to chemotherapy, 501
Long-term survivors of small cell carcinoma of the lung, 49
Smoking
Pulmonary functional impairment and symptoms in women in the Los Angeles Harbor area, 23
Sodium
Angiotensin I converting enzyme activity in hypertension. Relationship to blood pressure, renin-sodium profiles, and antihypertensive therapy, 435
Captopril-induced hyponatremia with irreversible neurologic damage, 769
Southeastern Cancer Cooperative Study Group
Age and the treatment of multiple myeloma. Southeastern Cancer Study Group experience, 316
Stenosis
Isolated right atrial tamponade by serous fluid simulating tricuspid stenosis, 531
Long-term experience in percutaneous transluminal dilatation of renal artery stenosis, 692
Steroids
Corticosteroid therapy associated with ischemic necrosis of bone in systemic lupus erythematosus, 596
Guillain-Barré syndrome following danazol and corticosteroid therapy for hereditary angioedema, 111
Iatrogenic Cushing's syndrome due to dexamethasone nasal drops, 535
Long-term low-dose glucocorticoid therapy associated with remission of overt renal tubular acidosis in Sjögren's syndrome, 509
Polymyalgia rheumatica. Duration of therapy and long-term outcome, 309
Primary systemic amyloidosis. Comparison of melphalan/prednisone versus colchicine, 708
Stevens-Johnson syndrome
Stevens-Johnson syndrome due to Mycoplasma pneumoniae in an adult, 541
Streptococcus
Non-group A beta-hemolytic streptococcal cellulitis. Association with venous and lymphatic compromise, 155
Stroke
Pituitary apoplexy, the Houssay phenomenon, and accelerated proliferative retinopathy, 385
Releasable vascular plasminogen activator and thrombotic strokes, 407
Renal failure, stroke, and death in an elderly woman with rheumatoid arthritis (CPC), 751
Strongyloides stercoralis
Pulmonary strongyloidiasis. Diagnosis by sputum Gram stain, 663
Strongyloidiasis
Pulmonary strongyloidiasis. Diagnosis by sputum Gram stain, 663
Substance abuse
Gasoline sniffing, 740
Sudden death
Shock and death in a 43-year-old woman (CPC), 245
Syncope
Evaluation of prognostic classifications for patients with syncope, 455
Systemic lupus erythematosus
Appraisal of lupus nephritis by renal imaging with gallium-67, 175
Corticosteroid therapy associated with ischemic necrosis of bone in systemic lupus erythematosus, 596
Systemic sclerosis
The electrocardiogram in systemic sclerosis (scleroderma). Study of 102 consecutive cases with functional correlations and review of the literature, 183
Tamponade
Isolated right atrial tamponade by serous fluid simulating tricuspid stenosis, 531
Testosterone
Levels of serum sex hormones and risk factors for coronary heart disease in exercise-trained men, 79
Testosterone-secreting adrenal adenoma containing crystalloids characteristic of Leydig cells, 772
Thallium-201
Normal results of post-race thallium-201 myocardial perfusion imaging in marathon runners with elevated serum MB creatine kinase levels, 431
Thiazides
Correction of hypocitraturia and prevention of stone formation by combined thiazide and potassium citrate therapy in thiazide-unresponsive hypercalciuric nephrolithiasis, 284
Thrombocytopenia
Accelerated recovery from immune-mediated thrombocytopenia with plasmapheresis, 765
Autoimmune thrombocytopenia in sarcoidosis, 761
Correlation of a quinidine-induced platelet-specific antibody with development of thrombocytopenia, 253
Thrombosis
Releasable vascular plasminogen activator and thrombotic strokes, 407
Trousseau's syndrome. Devastating coagulopathy in the absence of heparin, 423
Thrombotic microangiopathy
Recurrent thrombotic microangiopathy in a renal allograft. Case report and review of the literature, 520
Thrombotic thrombocytopenic purpura
Recurrent thrombotic microangiopathy in a renal allograft. Case report and review of the literature, 520
Thymoma
Novel factor X deficiency. Normal partial thromboplastin time and associated spindle cell thymoma, 122
Thyroid disease
Natural history of primary myxedema, 91
The aging thyroid. Relationship between elevated serum thyrotropin level and thyroid antibodies in elderly patients, 591
Thyrotropin-releasing hormone and the pituitary. New insights into the mechanism of stimulated secretion and clinical usage (CCBSS), 729
Thyroxine supplementation. Method for the prevention of clinical hypothyroidism, 241
Thyrotropin
Reversible hyperthyrotropinemia, hyperthyroxinemia, and hyperprolactinemia due to adrenal insufficiency, 271

The aging thyroid. Relationship between elevated serum thyrotropin level and thyroid antibodies in elderly patients, 591
Thyrotropin-releasing hormone and the pituitary. New insights into the mechanism of stimulated secretion and clinical usage (CCBSS), 729
Thyrotropin-releasing hormone
Thyrotropin-releasing hormone and the pituitary. New insights into the mechanism of stimulated secretion and clinical usage (CCBSS), 729
Thyroxine
Reversible hyperthyrotropinemia, hyperthyroxinemia, and hyperprolactinemia due to adrenal insufficiency, 271
Thyroxine supplementation. Method for the prevention of clinical hypothyroidism, 241
Toxicity
Gasoline sniffing, 740
Pseudohyperparathyroidism. Syndrome associated with aluminum intoxication in patients with renal failure, 127
Tracheostomy
Nocturnal oxyhemoglobin desaturation following tracheostomy for obstructive sleep apnea, 35
Transfusion
Listeriosis in patients with long-term hemodialysis and transfusional iron overload, 397
Transplantation
Association of renal failure with Lewis incompatibility after allogeneic bone marrow transplantation, 143
Hypertension after successful renal transplantation, 193
Infectious complications in heart-lung transplant recipients, 412
Isolated angiitis of the brain. Case in a renal transplant recipient, 629
Recurrent thrombotic microangiopathy in a renal allograft. Case report and review of the literature, 520
Tricuspid stenosis
Isolated right atrial tamponade by serous fluid simulating tricuspid stenosis, 531
Trousseau's syndrome
Trousseau's syndrome. Devastating coagulopathy in the absence of heparin, 423
Tuberculosis
Evidence for an informal clinical policy resulting in high use of a very-low-yield test, 577
Extrapulmonary tuberculosis. Experience of a community hospital and review of the literature, 467
Mycobacterial meningitis. Retrospective analysis from 1970 to 1983, 29
Typhoid state
The "typhoid state" revisited, 370
Ulcer
Mouth and genital ulcers with inflamed cartilage: MAGIC syndrome. Five patients with features of relapsing polychondritis and Behçet's disease, 65
Uremia
Platelet dysfunction in uremia. Multifaceted defect partially corrected by dialysis, 552
Uveitis
Uveitis: many diseases, one diagnosis (E), 545
Vascular disease
Appraisal of lupus nephritis by renal imaging with gallium-67, 175
Corticosteroid therapy associated with ischemic necrosis of bone in systemic lupus erythematosus, 596
Fever of unknown origin in a 71-year-old woman (CPC), 373
Giant cell arteritis associated with mononeuritis multiplex and complement-activating 19S IgM rheumatoid factor, 495
Hypothenar hammer syndrome. Form of reversible Raynaud's phenomenon, 561
Isolated angiitis of the brain. Case in a renal transplant recipient, 629
Palmar fasciitis and arthritis with ovarian and non-ovarian carcinomas. New syndrome, 640
Polymyalgia rheumatica. Duration of therapy and long-term outcome, 309
Recurrent thrombotic microangiopathy in a renal allograft. Case report and review of the literature, 520
Renal failure, stroke, and death in an elderly woman with rheumatoid arthritis (CPC), 751
Severe deficiency of alpha$_1$-antitrypsin associated with cutaneous vasculitis, rapidly progressive glomerulonephritis, and colitis, 489
The electrocardiogram in systemic sclerosis (scleroderma). Study of 102 consecutive cases with functional correlations and review of the literature, 183
Vasculitis
Isolated angiitis of the brain. Case in a renal transplant recipient, 629
Renal failure, stroke, and death in an elderly woman with rheumatoid arthritis (CPC), 751
Severe deficiency of alpha$_1$-antitrypsin associated with cutaneous vasculitis, rapidly progressive glomerulonephritis, and colitis, 489
Venectomy
Non-group A beta-hemolytic streptococcal cellulitis. Association with venous and lymphatic compromise, 155
Verbal communication
Benefit of the doubt (E), 401
The case presentation. Stumbling blocks and stepping stones, 605
Vincristine
Combination cyclophosphamide, Adriamycin, and vincristine rapidly alternating with combination cisplatin and VP-16 in treatment of small cell lung cancer, 303
Viral infection
Autoinoculation herpes of the hand in a child with recurrent herpes labialis, 139
Dengue and hepatic failure, 670
Hepatitis in an adult with rubella, 515
VP-16
Combination cyclophosphamide, Adriamycin, and vincristine rapidly alternating with combination cisplatin and VP-16 in treatment of small cell lung cancer, 303
Whipple's disease
Severe pulmonary hypertension in a patient with Whipple's disease, 263
Writing
Benefit of the doubt (E), 401
Zinc
Association between urinary zinc excretion and lymphocyte dysfunction in patients with lung cancer, 209
Zollinger-Ellison syndrome
Growth hormone secretion dynamics in a patient with ectopic growth hormone-releasing factor production, 135
